Industries	)	
To the Commission		

**MOTION FOR REVISION OF PROCEDURAL DATES**

The Multicultural Media, Telecom and Internet Council (“MMTC”), on its own behalf and on behalf of the EEO Supporters (members to be confirmed upon the filing of Comments), respectfully moves for a revision of the procedural dates.

According to the Federal Register notice,<sup>1</sup> comments are due August 21 and reply comments are due September 5. The comment date will occur three weeks after MMTC’s summer law fellowships conclude. Our fall fellowships will commence early in September, and we need our fellows to help us digest the 21-year record in the EEO docket (MB 98-204).

Further, the time period between the comments and reply comments – now just 15 days – is likely to be insufficient, given the high level of interest in the proceeding.

We therefore request this new filing schedule: comments September 20 (60 days from Federal Register publication); reply comments November 4 (45 days from the comment date).

MMTC has shared this motion with other interested parties.

Respectfully submitted,

*David Honig*
